Eisenhower Matrix:

	Urgent	**Not Urgent**
Important	**Do - (Your MVP)** ● Add a vocab word (word, definition, and course name). ● Save the vocabulary to a file that still exists after the program ends. ● View saved vocabulary at any time. ● Search for a word. ● Review the vocabulary by courses.	**Schedule - (For V2.0+)** ● Quiz Mode for the vocabulary. ● Flashcard Mode for the vocabulary. ● Difficulty level of each vocabulary. ● Delete or edit an existing word. ● See how many words are reviewed each day. ● Add example sentences to the vocab.
Not Important	**Delegate - (Use a library)** ● Use Java file I/O instead of writing my own storage system for files. ● Use Java ArrayList instead of coming up with a custom way to store data. ● Use IO.readln() and IO.println()	**Delete - (Cut it)** ● Have a GUI for the program. ● Have a mobile app for this program. ● Have cloud synchronization. ● Use AI to generate

	instead of writing my own input/output system.	examples or definitions.
